

CREATE MAXIMUM IMPACT HIRE A LIGHT BOX

Our new range of LED illuminated display solutions are perfect for promoting and displaying bold graphics and your brand. Whether it's in a retail environment, trade show booth, meeting room, event space, or stage, our range of light boxes will make sure your brand has maximum impact and stands out from the crowd.

- Ideal for promoting and displaying your brand
- Powerful LED lights to illuminate the fabric graphics
- Inside & outside options
- Available as single or double sided
- Discounted rates apply when hiring more than one Light Box

Our Light Box is a free-standing display unit with an illuminated graphic to the front face. The rear face is finished in a block out material. If a graphic print is required on the back face this is possible for an additional charge.

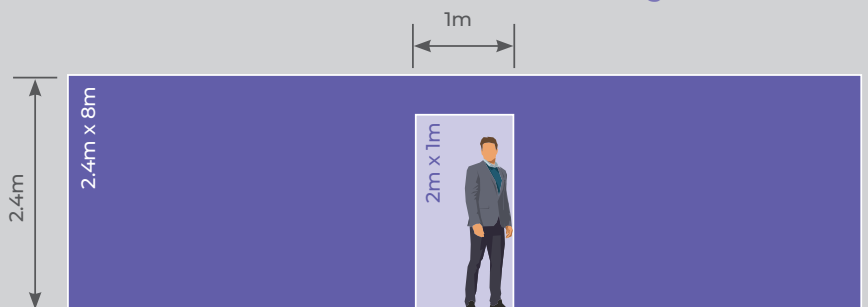

The frames are an extremely cost-effective and eco-friendly alternative to traditional methods. They can be reused many times, and your graphic can either be recycled at the end of the event, or you can keep it rolled up for future events and exhibitions.

We have a large range of off the shelf light boxes that can turn your event into a more stunning branding opportunity. We can also custom build our light boxes to fit any size.

LIGHT BOX HIRE SIZES
