

# CREATE MAXIMUM IMPACT HIRE A LIGHT BOX

2.9m high x 1.2m wide lightbox

Our new range of illuminated display solutions are perfect for promoting and displaying your client's brands. The systems are made from an aluminium profile with powerful LED lights to illuminate the fabric graphics.

- Ideal for promoting and displaying your brand
- Powerful LED lights to illuminate the fabric graphics
- Inside & Outside options
- Available as single or double sided
- Discounted rates apply when hiring more than 1 light box

Our Light Box is a free-standing display unit with an illuminated graphic to the front face. The rear face is finished in a block out material. If a graphic print is required on the back face this is possible for an additional charge.

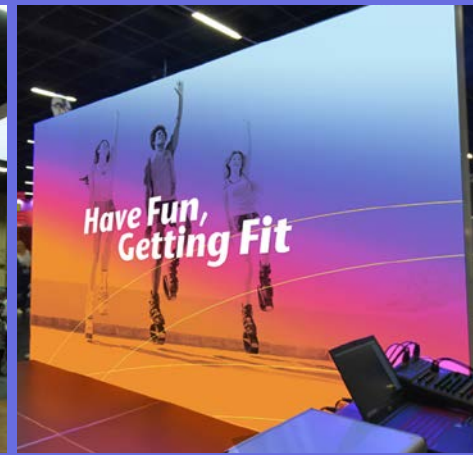

The frames are an extremely cost-effective and eco-friendly alternative to traditional methods.

The frames are reused many times, and your graphic can either be recycled at the end of the event, or you can keep it rolled up for future events and exhibitions.

We have a large range of off the shelf light boxes that can turn your event into a more stunning branding opportunity. We can also custom build our light boxes to fit any size.

Whether it's a trade show booth, meeting room, event space, or stage, our range of light boxes will make sure your event has maximum impact and stands out from the crowd.

## WHAT IS A LIGHT BOX?

Light boxes are a visually striking, flexible solution to give your event maximum impact.

Consisting of a photographic quality print on fabric that slots into our revolutionary frames that is illuminated by internal LED lights to leave a stunning bright impression.

It's a great way of delivering a message, promoting a product, reinforcing the message of an event, or building recognition of your brand.

## WHERE TO USE IT?

- Conferences
- Meetings
- Trade shows
- Corporate events
- Business or hotel entrances
- Event registration desks
- Media walls
- Charity fund raisers
- Sporting events
- Room dividers
- Speaker backdrops

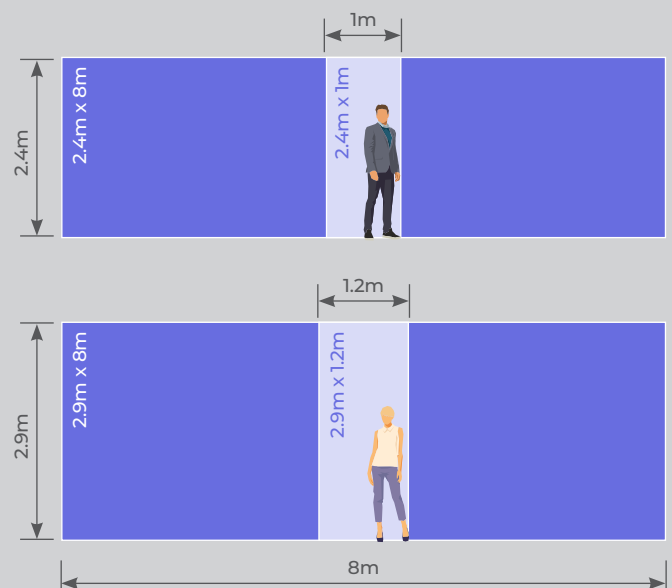

## AND WHY USE A LIGHT BOX?

- To create impactful branding for corporate events
- To use behind event registration desks
- A bright alternative to Media Walls
- To engage audiences at sporting events
- Photo opportunities that will pop on social media
- To create stylised room dividers
- To make use of printed imagery that can enhance your event's theme
- To create engaging backgrounds for speakers
